Pressure Difference Switch

A3013QE103HI2

Option Values

A - Stainless Steel Weatherproof. For out door aggressive atmospheres e.g.marine, IP66/NEMA 4X for electrical switching and IP54/NEMA 3 for pneumatic switching.

301 - Diaphragm operated Differential Pressure Switch Fixed differential (Deadband) for DP ranges up to 15 bar.Max Static 110 bar

3 - 3/4 NPT Internal Thread

Q - Monel Diaphragm.All other wetted parts monel with Viton and PTFE seals. Suitable for NACE MR 01.75.

EI - 5 to 120 mbar

03 - Double Pole Double Throw General Purpose Precision 5 Amps@ 110/250 Volts AC. 2 Amps@30 Volts DC.

H - 1/2-14 NPT Int. direct Process connection

1 - Supplied with pipe mounting bracket

2 - Offshore marine
